IMPROVEMENT BOARD TO DIE

So He Did Not Waste Time in Naming a New Man For the Vacancy—Chief Morley in His Old Place—H. A. Ketter on the Board of Health—Some Business Was Done Before Adjournment, and Then the Legislators, Old and New, Were Entertained by the Mayor.

Council died last night with all members present but Mr. Ashbaugh.

The minutes were read, and a resolution making it necessary to improve Cook street came up for the second time. This was accompanied by a communication from J. E. McDonald offering to take the note of the city for its share of paving and to loan it the money for two years without interest. The proposition was accepted, and the resolution passed under suspension of the rules. W. H. Frazier was granted the right to build a switch in Walnut street. A resolution to pave Pink alley from Market street to Mulberry alley was read. It was explained that the property owners would pay for the improvement, but wanted the privilege to go ahead and let the contract. The request was granted, and the work will be done under the supervision of the city engineer and street committee.

The annual reports of the mayor, board of health, sealer of weights and measures, city clerk, Chief Morley, city commissioner and water works trustees, all of which have been published, were read and ordered filed.

The annual report of Engineer George showed the following improvements made during the year and the amount of money expended: Paving East Market street and Calcutta road, \$9,229.46; Avondale street improvement, \$8,164.79; Sixth street sidewalks, \$615.93; Peach Tree alley sewer, \$555.74; culvert over Carpenter run, \$582.50; Green lane culvert, \$159.27; Boyce and Maple street culvert, \$742.89; Eighth street culvert, \$3,344.62; Ravine street culvert, \$113.90; Paving Walnut street \$273.14. Total \$23,782.24.

The improvements are all completed, except the Eighth street culvert, and \$15,000 of the amount expended is assessed against the property owners. Attention was called to the fact that there are over 100,000 square yards of paved roadway in the city, and the reckless manner in which it is being used by the people who dig into it. If permitted to continue, the report said, in a few years our streets would be a chaotic mass of humps and hollows. He objects to the destroying of \$200,000 worth of property without some attempt being made to stop it. The necessity of improving other thoroughfares was broached, and statement made that in passing over three of the main thoroughfares people were trespassing. The extension of sewers was also discussed, and Tanyard run was referred to as the worst disease breeder in the city. The sidewalks came in for a share of the comment. The report was ordered filed with a vote of thanks to the engineer for it scope.

The mayor's monthly report showed \$173 collected in fines and licenses. A resolution to lay a six inch sewer in Elm street was read for the first time. The pay ordinance came next. Mr. Marshall moved the bill of the light company be stricken from the payroll until they complied with their contract and furnished the 50 incandescents as agreed upon. Mr. Stewart seconded the motion, and made a few remarks in regard to the way they sent in their bills. He thought they should make some deduction for outage, and not let claims committee do it all. Mr. Challis thought they should be given some money, but Mr. Marshall said if it was all withheld they would lose no time in filling the contract. The motion carried, and the rest of the payroll was passed.

Mr. Marshall called attention to the fact that some time ago an agreement had been entered into with residents of Pennsylvania avenue, whereby they agreed to set their fences back far

enough to make the street 60 feet in width. This has not been done, and they will be ordered to comply with the agreement.

Mr. Challis wanted to know why work had not been started on the Minerva street culvert. The contract was let last fall. The engineer will be directed by the clerk to begin work at once.

Solicitor Grosshans asked the attention of council. He first spoke of the McKeown damage claim for \$20, and advised its payment, first getting McKeown to prepare an affidavit. The second was in regard to the Hayes damage suit for \$10,000, as published exclusively in the NEWS REVIEW last Monday. As the case was important he asked permission to engage additional counsel. The Clark bill was also discussed, as he had filed a new claim which showed the city owed him \$210.50 for fees as attorney, and the remainder of the \$1,035.55 was coming to him as solicitor. The solicitor suggested a tender be made. In the question of the request in the Hayes case it was left to the new council. The McKeown bill was ordered paid.

Mr. Marshall made a motion that \$500 be given Mr. Clark for his services as solicitor and the \$210.50 also be paid, provided he accept the \$500 offer. This was carried.

Mr. Challis called attention to an ordinance prohibiting teamsters from driving on sidewalks and said 38 rows of bricks in Avondale street had been left on edge by this work. The matter was referred to Chief Johnson.

A communication from George C. Potter calling attention to water running over his lot in Avondale street was read.

George P. Rust, by his attorney J. E. McDonald accepted the street railway route and Mr. Marshall said: "Before we adjourn I move we extend a vote of thanks to our present chairman for the efficient manner in which he has presided over us the past year." It was seconded by Mr. Stewart and carried unanimously. Mr. Purinton thanked them, and tendered his sincere thanks for the uniform courtesy extended during the year by the members. He spoke of their differences on public matters, but said he could truthfully say his treatment at their hands, was all that could be desired, and trusted they parted with the best of feeling toward each other. He closed by saying he hoped the duties of the present council would be as pleasant as his had been.

On motion of Mr. Kent, council adjourned at 9:05, and the famous council of '96 was a thing of the past.

Everybody shook hands, and then Mayor Gilbert took the chair and administered the oath to the new members. Mr. Marshall moved and Mr. Horwell seconded and Mr. Peach was nominated for president, and the clerk instructed to cast the ballot. Mr. Peach took the chair, and in a few words thanked them for the honor and said his efforts would ever be used to serve the best interests of the people.

Mr. Stewart moved the nomination of Mr. Horwell for vice president, and he was elected.

President Peach then announced the committees. They are:

Street—Stewart, Olnhausen and Marshall.

Police—Challis, Marshall and Horwell.

Light—Cain, Stewart and Horwell.

Wharf—Ashbaugh, Cain and Challis.

Fire—Horwell, Challis and Cain.

Rules—Horwell, Stewart, Marshall, Ashbaugh and Peach.

Finance—Marshall, Olnhausen, Horwell, Cain and Peach.

Claims—Olnhausen, Cain and Stewart.

On motion of Mr. Marshall, the rules were changed in order to place five members on the finance committee.

Mayor Gilbert then submitted his appointments. Frank Earl, John Whan, William Jennings and W. H. Moore were unanimously confirmed as policemen.

Thomas Lloyd was reappointed wharfmaster, and Sylvester Kinsey was again made sealer of weights and measures. H. A. McNicol is the new sewer commissioner. H. E. Morley was reappointed fire chief.

Mayor Gilbert said, in regard to the appointment of the city engineer, he did not hand it in as he wanted to have a talk with Mr. George before he did anything. In regard to the appointment of a member of the board of improvements, he said, he had understood the board would be abolished by the new council, and he did not see any use in selecting a man.

The plat of the Simms, Hill & Kelly addition to the city was presented. Mr. Marshall called attention to an ordinance passed two years ago on the subject, and Messrs. Stewart, Marshall and Cain will look after the matter.

As predicted in the NEWS REVIEW the

STOVE CAUSED A ROW

The Last Act of the Morrow-Anderson Case.

ALL THE OFFICERS CALLED

A Great Crowd Gathered at Robinson and Walnut Streets, and Witnessed the Live-liest Kind of a Dispute Over the Right of Possession.

The final scene in the Anderson-Morrow case was enacted yesterday afternoon, and drew a large and much amused crowd of spectators to Robinson and Walnut streets.

Yesterday morning a range arrived at the depot for John Anderson, and Crites, Craven and Sloan, employees of a hardware firm were instructed to take it to the Anderson House. When they arrived at the hotel Mr. Morrow refused to allow them to put it in the house. They reported to their employer, who hunted up Mr. Anderson and the gentleman went after Constable Bertele. When the constable arrived he refused to have anything to do with the trouble, as he had given Morrow until this morning to move out. Anderson then telephoned to the fire station, and asked that all the available officers be sent over, and in a short time the patrol wagon arrived, accompanied by Officers Whan, Terrence and McMillen. The employees of the East Liverpool pottery had by this time discovered the excitement, and were watching the fun with great interest.

In the meantime a small battle was going on inside of the house. A man came in with an ax, and Allison Morrow grabbed it but it was wrested from him after much difficulty. He was very desirous of getting at Anderson, but his son William took him in tow and he was compelled to remain on the inside. Anderson decided there were not enough policemen on the scene, and telephoned again to the fire station. Chief Morley and Thomas Bryan thinking there must be a great fight in progress lost no time in repairing to the place. They were also powerless to do anything, and Anderson telephoned to city hall, and Chief Johnson and Officer Earl were on the spot in a few minutes, making a collection of Chiefs Johnson and Morley, Officers Earl, Whan, McMillen, Terrence, Bryan and Constable Bertele trying to get the stove into the house. Attorney W. B. Hill was inside the house conferring with the Morrow. An unusually large crowd had collected by this time, and the officers decided to go home. The stove was hauled away, and this morning the key was handed to the constable, and the range which caused the dispute is now safely reposing in the kitchen of the hotel.

HE INSULTED LADIES.

And the Would-Be Journalist Had to Apologize.

He claims to be a reporter. He claims to be a gentleman. He aims to be a bright, particular star in social circles. And yet the plain truth is that he is lacking in almost every essential of the features which constitute true manhood. He visited a social gathering and dance in this city not long since, and grossly insulted a worthy young lady, evidently being under the impression, as evinced by his conduct, that the lady didn't belong to his circle (?) and he could therefore insult her with impunity. The young blackguard met punishment warm and swift. A fine looking specimen of young and athletic manhood, a friend of the lady in question, took the young upstart by the ear and lead him out of the room, and had not a second party interfered, the young scamp would have had a few of his front teeth extracted, without the necessity of having to visit a dentist. After begging for mercy in the most abject terms, the coward was led back to the room and compelled to render an humble apology, and was then ordered to make himself conspicuous by his absence, and he obeyed the mandate without stopping to argue the matter. Pity is that such creatures are not branded and thus barred from all decent society.

FROM THE EVANGELIST.

Rev. Isaac Naylor Speaks to East Liverpool Friends.

"The mission is doing a wonderful work in this city of Columbus. Some 250 persons are given sleeping accommodation nightly, and the aim is to find employment for one and all who make application. There is a free dispensary connected with the mission. There are several mission centers, with a full staff of missionaries. The management desires that I shall assist them for a short time, and I have consented to do so. I shall not leave for England at the time

I intended, but will stay here for a few weeks. Remember me kindly to all the friends in East Liverpool."

CERAMIC LIGHT COMPANY.

They Claim They Have Filled Their Contract With the City.

The officials of the Ceramic Light company claim that they have filled their contract with the city to the letter; that they were to furnish light for 50 incandescent lights, which they stand ready to do whenever called upon; that they were not to furnish wires, etc. Mr. J. J. Purinton was interviewed respecting this statement, and he informed the NEWS REVIEW representative that the trouble at present seems to rest in the desire, on the part of some member or members of council, to compel the Ceramic company to run wire to the East End, and place lights in the East End fire station. The Ceramic company claim it is simply an outrage to ask them to run wires to the East End, and that the contract does not call for it; but, if the city places the wires, the light will be furnished at once.

A BIG BOULDER

Rolled From the Cliff Near the Walker Switch.

This afternoon about 2 o'clock a huge boulder weighing several tons came down over the hill about 100 yards this side of the Walker switch. It struck the street railway, bounded over the roadway and lodged in the mud a few feet over the hill, not 10 yards from a residence. A car in charge of Motorman Edward Knapp had just passed the place. The tracks were badly mashed, and it was necessary to transfer passengers for sometime before the damage could be repaired. This is the first slip of any kind that has occurred this side of the Walker switch, but more can be expected as the hill seems ready for a huge slide.

A LIVELY ROW.

East End and the Street Railway Company Clash.

Some time ago the street railway force distributed a quantity of ashes along the track in East End with the intention of ballasting the line. The unsightly piles became a burden to East End, and yesterday Mr. McDonald began spreading the ashes over the street. Superintendent Andrews heard of the action, and hastened to the scene. There was a clash, and the spectators believed for a moment the men would come to blows, but the storm passed and the superintendent withdrew. Within a short time he had returned to the place with the repair crew, and they lost no time in collecting the ashes and ballasting the track.

A PITIABLE CASE.

The Mother Is Ill and Friends Must Care For the Children.

A pitiable case of distress became known today. The family came here recently, and occupy a house on the hill above California hollow. The mother was stricken with malarial fever, and the father looked after the two small children. Their circumstances being none of the best he was compelled to work when he could find employment, and the poor woman was often left alone. They moved to this city from Cumberland, and being connected with the Christian church members of that denomination are helping them.

THE PATROL REPORT.

The Wagon Made a Good Many Runs Last Year.

The report of the patrol service presented by Chief Morley last night to council is interesting. Runs to the number of 153 were made, and 150 prisoners were taken to jail. Twenty-two trips were made when the wagon was used as an ambulance. Officer Jennings called the wagon 15 times, Earl five, Whan 23, Moore two, Bertele nine, Powell two, Chief Johnson seven, citizens 85. By officers 79, firemen 58.

The department is in first class condition, and the report is all that anyone could expect.

NO DELAY

If the Windsor Packing Company Is to Locate Here.

The parties interested in the Windsor Packing company will get together this afternoon, and endeavor to arrive at some conclusion regarding the transfer to the plant to this place. It is an assured fact that nothing will be done until next fall if the concern should locate here. A wheeling man is after it, and if the deal with local people is not closed today he will get it.

Home From Washington.

E. D. Marshall arrived home today after a week spent in Washington. The report was current that the attorney wanted a fat South American mission, but he declares he is after no office under the administration.

MINISTERS HAVE GONE

They Will Meet Next Time at West Beaver.

TWO SERMONS LAST NIGHT

Reverend Patterson and Rev. J. R. Green Addressed the Presbytery—They Talked Temperance and the Bible in the Public Schools.

The closing session of the Steubenville presbytery was held last evening, and was well attended.

The subject was "The church; first, its commission and responsibility; second, how to meet the responsibility." The former was the subject of Reverend Patterson, who in part said: "The success of a conference does not lie in lengthy debates, but in a large number of short talks. The apostles were told to go into all parts of the world and preach the Gospel, and Christ said to them, 'Lo I am with you always.' Paul said, 'I am not ashamed of the power of Christ; it is no stumbling block, rather a power, beneficial to all.' Therefore the church is the pillar of God. Christ is willing to help the church to uphold the truth as that church has received it. Souls are not to be lost by the church, if it will only do its work, and do it in a loyal way. I have very little hope for the future of this great country unless all men vote as they pray. Let the saloon be doomed, and the church raised."

The second part of the subject was defined by Reverend Green, of the East End, who said: "Our church can and shall meet its responsibility by asking God for counsel. Let us be men of faith and hope. Our hearts are like a phonograph. They receive new songs, and we should be able to repeat them at will. Don't let us wear out, but let us be up and doing. The greatest shadow the earth can cast is when she stands between herself and the sun. The church is maker of the community in which it is located. Did you ever see a saloon lose money because the night was bad? And did you ever see a large crowd at a Wednesday night service of the church on a good night? The church should keep the words of Abraham Lincoln in its mind, and that is, 'Keep on pegging away.' It isn't the coward that gives the church trouble; it is the cowards and traitors within its walls that do this. When some citizens of this city last year tried to keep the Bible out of the schools, I am happy to say this church did noble work in keeping it in there. In unity is the manner in which the church can meet its responsibility."

The next meeting will convene in the West Beaver church June 14.

A FEW BAD PIECES.

Counterfeit Money Still Being Circulated.

A few pieces of bad coin are still being circulated in this section. A well known merchant up town got a bad dollar the other day, and this morning succeeded in getting a very poor imitation of a quarter. The half dollars so often seen a few months ago have disappeared from this vicinity, and none have been seen for some time.

They Were Lucky.

I. N. Crable, Joseph Wilson and Jesse Hunter braved the rain and went fishing yesterday afternoon to Beaver Creek. They had the best luck of the season and now hold the record, as they returned with 14 bass weighing twenty two pounds and fourteen ounces. There were other fishermen at the creek, but all the luck seemed to be with the trio.

Mr. Taylor Won.

Sometime ago C. S. Taylor purchased an ice chest from C. A. Jones, of the East End, at a constable's sale, and ever since there has been some trouble about the ownership. In the meantime the article was removed to Squire Rose's office where it has since remained. The case was settled by the squire, who decided in favor of Mr. Taylor.

Stricken by Paralysis.

George Wells, Sr., of Seventh street, was stricken by paralysis at his home this afternoon. Although very ill, he is not thought to be in a dangerous condition.

River News.

The river is now falling slowly, the marks showing 12 1/4 feet. Passed down—Percy Kelsey, Volunteer, Jim Brown, and Kanawha and Hudson down at 9 o'clock this evening. Passed up—Rescue.

Permanent Fixtures.

Fall River papers received today say McNicol and McCurran are showing up in excellent form, and will be permanent fixtures on the team.

HE INSULTED LADIES.

And the Would-Be Journalist Had to Apologize.

He claims to be a reporter. He claims to be a gentleman. He aims to be a bright, particular star in social circles. And yet the plain truth is that he is lacking in almost every essential of the features which constitute true manhood. He visited a social gathering and dance in this city not long since, and grossly insulted a worthy young lady, evidently being under the impression, as evinced by his conduct, that the lady didn't belong to his circle (?) and he could therefore insult her with impunity. The young blackguard met punishment warm and swift. A fine looking specimen of young and athletic manhood, a friend of the lady in question, took the young upstart by the ear and lead him out of the room, and had not a second party interfered, the young scamp would have had a few of his front teeth extracted, without the necessity of having to visit a dentist. After begging for mercy in the most abject terms, the coward was led back to the room and compelled to render an humble apology, and was then ordered to make himself conspicuous by his absence, and he obeyed the mandate without stopping to argue the matter. Pity is that such creatures are not branded and thus barred from all decent society.

FROM THE EVANGELIST.

Rev. Isaac Naylor Speaks to East Liverpool Friends.

"The mission is doing a wonderful work in this city of Columbus. Some 250 persons are given sleeping accommodation nightly, and the aim is to find employment for one and all who make application. There is a free dispensary connected with the mission. There are several mission centers, with a full staff of missionaries. The management desires that I shall assist them for a short time, and I have consented to do so. I shall not leave for England at the time

I intended, but will stay here for a few weeks. Remember me kindly to all the friends in East Liverpool."

CERAMIC LIGHT COMPANY.

They Claim They Have Filled Their Contract With the City.

The officials of the Ceramic Light company claim that they have filled their contract with the city to the letter; that they were to furnish light for 50 incandescent lights, which they stand ready to do whenever called upon; that they were not to furnish wires, etc. Mr. J. J. Purinton was interviewed respecting this statement, and he informed the NEWS REVIEW representative that the trouble at present seems to rest in the desire, on the part of some member or members of council, to compel the Ceramic company to run wire to the East End, and place lights in the East End fire station. The Ceramic company claim it is simply an outrage to ask them to run wires to the East End, and that the contract does not call for it; but, if the city places the wires, the light will be furnished at once.

A BIG BOULDER

Rolled From the Cliff Near the Walker Switch.

This afternoon about 2 o'clock a huge boulder weighing several tons came down over the hill about 100 yards this side of the Walker switch. It struck the street railway, bounded over the roadway and lodged in the mud a few feet over the hill, not 10 yards from a residence. A car in charge of Motorman Edward Knapp had just passed the place. The tracks were badly mashed, and it was necessary to transfer passengers for sometime before the damage could be repaired. This is the first slip of any kind that has occurred this side of the Walker switch, but more can be expected as the hill seems ready for a huge slide.

A LIVELY ROW.

East End and the Street Railway Company Clash.

Some time ago the street railway force distributed a quantity of ashes along the track in East end with the intention of ballasting the line. The unsightly piles became a burden to East End, and yesterday Mr. McDonald began spreading the ashes over the street. Superintendent Andrews heard of the action, and hastened to the scene. There was a clash, and the spectators believed for a moment the men would come to blows, but the storm passed and the superintendent withdrew. Within a short time he had returned to the place with the repair crew, and they lost no time in collecting the ashes and ballasting the track.

A PITIABLE CASE.

The Mother Is Ill and Friends Must Care For the Children.

A pitiable case of distress became known today. The family came here recently, and occupy a house on the hill above California hollow. The mother was stricken with malarial fever, and the father looked after the two small children. Their circumstances being none of the best he was compelled to work when he could find employment, and the poor woman was often left alone. They moved to this city from Cumberland, and being connected with the Christian church members of that denomination are helping them.

THE PATROL REPORT.

The Wagon Made a Good Many Runs Last Year.

The report of the patrol service presented by Chief Morley last night to council is interesting. Runs to the number of 153 were made, and 150 prisoners were taken to jail. Twenty-two trips were made when the wagon was used as an ambulance. Officer Jennings called the wagon 15 times, Earl five, Whan 23, Moore two, Bertele nine, Powell two, Chief Johnson seven, citizens 85. By officers 79, firemen 58.

The department is in first class condition, and the report is all that anyone could expect.

NO DELAY

If the Windsor Packing Company Is to Locate Here.

The parties interested in the Windsor Packing company will get together this afternoon, and endeavor to arrive at some conclusion regarding the transfer to the plant to this place. It is an assured fact that nothing will be done until next fall if the concern should locate here. A Wheeling man is after it, and if the deal with local people is not closed today he will get it.

Home From Washington.

E. D. Marshall arrived home today after a week spent in Washington. The report was current that the attorney wanted a fat South American mission, but he declares he is after no office under the administration.

MINISTERS HAVE GONE

They Will Meet Next Time At West Beaver.

TWO SERMONS LAST NIGHT

Reverend Patterson and Rev. J. R. Green Addressed the Presbytery—They Talked Temperance and the Bible In the Public Schools.

The closing session of the Steubenville presbytery was held last evening, and was well attended.

The subject was "The church; first, its commission and responsibility; second, how to meet the responsibility." The former was the subject of Reverend Patterson, who in part said: "The success of a conference does not lie in lengthy debates, but in a large number of short talks. The apostles were told to go into all parts of the world and preach the Gospel, and Christ said to them, 'Lo I am with you always.' Paul said, 'I am not ashamed of the power of Christ; it is no stumbling block, rather a power, beneficial to all.' Therefore the church is the pillar of God. Christ is willing to help the church to uphold the truth as that church has received it. Souls are not to be lost by the church, if it will only do its work, and do it in a loyal way. I have very little hope for the future of this great country unless all men vote as they pray. Let the saloon be doomed, and the church raised."

The second part of the subject was defined by Reverend Green, of the East End, who said: "Our church can and shall meet its responsibility by asking God for counsel. Let us be men of faith and hope. Our hearts are like a phonograph. They receive new songs, and we should be able to repeat them at will. Don't let us wear out, but let us be up and doing. The greatest shadow the earth can cast is when she stands between herself and the sun. The church is maker of the community in which it is located. Did you ever see a saloon lose money because the night was bad? And did you ever see a large crowd at a Wednesday night service of the church on a good night? The church should keep the words of Abraham Lincoln in its mind, and that is, 'Keep on pegging away.' It isn't the coward that gives the church trouble; it is the cowards and traitors within its walls that do this. When some citizens of this city last year tried to keep the Bible out of the schools, I am happy to say this church did noble work in keeping it in there. In unity is the manner in which the church can meet its responsibility."

The next meeting will convene in the West Beaver church June 14.

A FEW BAD PIECES.

Counterfeit Money Still Being Circulated.

A few pieces of bad coin are still being circulated in this section. A well known merchant up town got a bad dollar the other day, and this morning succeeded in getting a very poor imitation of a quarter. The half dollars so often seen a few months ago have disappeared from this vicinity, and none have been seen for some time.

They Were Lucky.

I. N. Crable, Joseph Wilson and Jesse Hunter braved the rain and went fishing yesterday afternoon to Beaver Creek. They had the best luck of the season and now hold the record, as they returned with 14 bass weighing twenty two pounds and fourteen ounces. There were other fishermen at the creek, but all the luck seemed to be with the trio.

Mr. Taylor Won.

Sometime ago C. S. Taylor purchased an ice chest from C. A. Jones, of the East End, at a constable's sale, and ever since there has been some trouble about the ownership. In the meantime the article was removed to Squire Rose's office where it has since remained. The case was settled by the constable, who decided in favor of Mr. Taylor.

Stricken by Paralysis.

George Wells, Sr., of Seventh street, was stricken by paralysis at his home this afternoon. Although very ill, he is not thought to be in a dangerous condition.

River News.

The river is now falling slowly, the marks showing 12 1/2 feet. Passed down—Percy Kelsey, Volunteer, Jim Brown, and Kanawha and Hudson down at 9 o'clock this evening. Passed up—Rescue.

Permanent Fixtures.

Fall River papers received today say McNicol and McCurran are showing up in excellent form, and will be permanent fixtures on the team.

ADVERTISERS Will make note

insertion copy for ads must be in before

9 o'clock of the day on which they are to be

run. A personal of our columns will show the

nearest advertisements put up in this sec-

tion. Next day take time. The earlier your

copy, the more attractive your advertisement

may, so hurry in by 9 O'CLOCK.

EAST LIVERPOOL, O., WEDNESDAY, APRIL 14

Mr. ALTGELD will have some difficulty

proving his unselfish love for the people

now that his name is so prominently

connected with a broken bank, which

robbed scores of the class who can not

afford to lose their little savings.

THAT suggestion of Engineer George

that better care be taken of the paved

streets is timely and should receive the

proper attention. As it is at present any

one can dig and destroy, and not an

official seems interested enough to pro-

test. They don't do those things in

other towns, and their paving lasts

longer.

The stand against the anti-scalping

bill is just and honest. It is not the

province of this nation to tell a man

that he cannot buy where and when he

will. Even though Congress should be

so blind as to pass the measure it would

be sure to be cast upon it by the supreme

court.

Much as it is to be regretted, because

of the sorrow and suffering sure to fol-

low a declaration, many there are who

will hear with satisfaction that Greece

has reached that point where retreat

means disgrace. Great remedies can only

be effected by drastic cures, and, if the

Turk can be whipped into no other

way, he should be civilized by a realiza-

tion of his own iniquities.

THERE is but one course for Ohio Re-

publicans to pursue when next they

gather in convention. General Bush-

nell should be nominated for governor

and Hon. M. A. Hanna should be in-

dorsed for senator. This will do away

with the endless complications sure to

follow if there is a marked difference of

opinion in the convention. And it seems

to be just what the gentlemen most in-

terested at this time desire.

A WORD TO COUNCIL.

Gentlemen, do that which is right.

You have been placed in public office by

men who believe in you, who trust you,

who expect you to look after their busi-

ness as they would look after it them-

selves. You are not public rulers, but

public servants compelled by every

principle of justice to represent your

constituents. The majority should rule,

and what the majority of your constitu-

ents desire should be your public course.

If they desire the enactment of a law,

enact it. If it is a good law it will

stand the test of time; if it is a bad law

its enforcement will work its repeal. If

you sum your whole actions so as to

control them by the principles of right,

your career in council will be an hono-

rable one. By no other method can it

be made honorable.

COLUMBIANA DOGS.

The Columbiana county dog must pay

for its existence. The edict has gone

forth, and edicts are something with

which even a dog cannot wink at im-

punity. Every assessor has been or-

dered to list the dogs of his district

for taxation, and it will doubtless be

done. If the man who owns a dog does

not observe it with that fond affection

equal in measure to the amount of the

tax, the dog will likely die. As a result

of the edict there will be some more

money in the treasury or some less dogs

in the county. It is a good move. The

enforcement of the law has long been

needed. Assessors can no longer dis-

criminate if they desire to do their duty.

Every town will profit by it, and the

country districts will be relieved. While

it may not seem a great and glowing bit

of statesmanship on the surface, it is a

brand of wisdom the presence of a little

more of which would be appreciated in

the transaction of public affairs in this

county.

The wheat of southern countries con-

tains more albuminoids than that grown

in temperate or northern zones, and

hence is better suited for the manufac-

turing of macaroni.

LIKE ANDREW JACKSON

Bryan the Guest of National

Democrats at a Banquet.

HIS RESPONSE TO A TOAST.

The Noted Ex-President Once a Guest of

Honor at a Jefferson Banquet at the

Same Hotel Where the Nebraska

Was Entertained.

WASHINGTON, April 14.—The one-

hundred and fifty-fourth anniversary

of Jefferson's birthday was celebrated

last night at the Metropolitan hotel by

a subscription dinner given under the

auspices of the National Association of

Democratic Clubs. The first celebra-

tion of the anniversary of Jefferson's

birth occurred at the same hostelry,

then known as the Indian Queen.

Jefferson was the guest of honor and the

occasion was made memorable by the

presence of Vice President John C.

Calhoun and other Democratic leaders

of that day. Last night William J.

Bryan of Nebraska, the late Demo-

cratic candidate for president, was the

guest of honor. Congressman McMil-

lin was toastmaster.

The order of the set toasts was as fol-

lows:

"Thomas Jefferson: We celebrate

the anniversary of his birth, not in the

spirit of personal idolatry, but from re-

spect and reverence for his political

principles." William J. Bryan of Ne-

braska.

"The diffusion of information and

arrangement of all abuses at the bar of

public reason (from Jefferson's inaugural

address). James K. Jones of Arkansas.

"Equal and exact justice to all men

of whatever state or persuasion, relig-

ious or political." Richard P. Blag-

Missouri.

"The declaration of independence: An

enduring monument of that devotion

of liberty and abhorrence of tyr-

anny which stamp the character and

mark the whole course of the life of

its authors." Joseph C. Sibley of Penn-

sylvania.

"Peace, commerce and honest friend-

ship with all nations, entangling alli-

ances with none" (from the same ad-

dress). John J. Lentz of Ohio.

"An aristocracy of wealth is of more

harm and danger than benefit to so-

cieties" (Jefferson's). Andrew J. Lip-

comb of Virginia.

"A jealous care of the right of elec-

tion by the people; a mild and effec-

tive correction of those abuses which are

corrected by the sword of revolution in

countries where peaceable remedies are

unprovided" (from Jefferson's inaugu-

ral address). William Sulzer of New

York.

Mr. Bryan said in part:

"The Democratic party is true to its

principles as it proves true to its

mission of the Democratic party to

crystallize into legislation the prin-

ciples which he taught.

"The party applies Democratic prin-

ciples to the issues which arise from

time to time. For many years the

tariff question was the paramount

issue and the party took a more ad-

vanced position each year until 1892,

when it declared itself in favor of a

policy which meant substantially a

tariff for revenue only. But the presi-

dent elected at that time, instead of

proceeding to carry out that portion

of the platform, forced upon public

attention an issue which had up to that

time been considered secondary.

"Mr. Cleveland, more than any other

one person in this nation, is responsible

for the present position which the

money question now occupies. It was

his determination to complete the de-

monetization of silver and make the

gold standard perpetual that aroused

the masses of the United States to

active resistance. The struggle for

supremacy between the gold standard

and bimetalism was recognized as a

contest between the money power and the

common people.

"The explicit declaration in favor of

free and unlimited coinage at 16 to 1

without waiting for the aid or consent

of any other nation was made neces-

sary by the attempt of certain public

men to evade preceding platforms. The

party struggle which culminated in the

Chicago convention of necessity alien-

ated the party of the gold.

"The position was placed in the position

where it was compelled to endorse the

financial policy of the president or ad-

here to the doctrines and traditions of

the party. The position taken by the

Democratic party in 1896 will not be

surrendered. If you doubt the perma-

nence of the Chicago platform as a

party creed, go among the rank and

file of the party and measure the zeal

and enthusiasm which that platform

has aroused, and you will realize the

impossibility of taking a backward

step.

"True, the present administration is

seeking to turn public attention to the

tariff question, but if our reasoning is

well founded, an increase of taxes can

not restore prosperity to the producers

of wealth. If the Dingley bill brings

general and permanent prosperity the

Democratic party will be in a posi-

tion to win a contest by opposing it. If,

on the other hand, the Dingley bill

proves a disappointment to those who

advocate it, our position of 1896 will be

strengthened and public attention will

be riveted upon the fact that the cause

of financial depression is to be found in

our monetary system.

"There is much in recent events to

encourage the followers of Thomas Jeffer-

son. The spring elections indicate a

growing sentiment along the lines of

the Chicago platform. In fact the elec-

tions which have taken place show so

great a gain that the Republican party

may now be considered a minority

party. It has but one hope of escape

from the wrath to come, and that is to

secure bimetalism by international

agreement between the people of the

nation have another opportunity to speak

at the polls.

"While we who believe in independ-

ent bimetalism generally regard an in-

ternational agreement as neither neces-

sary nor possible, we may well hope for

success to any who may make the at-

tempt to secure foreign assistance. If

our opponents succeed in opening the

mines of other nations, as well as their

own mines, we shall rejoice, because

the condition of the people will be im-

proved and they will be able to proceed

with other remedial legislation.

LIKE THE COMMISSION.

Men of All Parties Commend

McKinley's Choice.

STEVENSON ESPECIALLY PLEASING.

The President Wanted the Question

Raised Above Politics—The Ex-Vice

President Feels Greatly Honored—Sen-

ator Wolcott Expects Much Good.

capitol. Almost without exception the

senators, regardless of party, were pleased

with the selection of ex-Vice President

Stevenson. It appears that this selec-

tion is the president's own, no one

appearing to urge his appointment.

The president desired a Democrat

who stood high in his party and who

was an earnest silver man. He sent for

Mr. Stevenson and, after talking to him

the subject over with him, decided to make

him a member of the commission.

If our opponents succeed in opening the mints of other nations, as well as their own mints, we shall rejoice, because the condition of the people will be improved and they will be able to proceed with other remedial legislation.

Boyle Goes to Liverpool.

WASHINGTON, April 14.—The senate in executive session confirmed the following nominations: Alfred E. Buck of Georgia to be minister to Japan, James Boyle of Ohio to be consul at Liverpool.

LIKE THE COMMISSION.

Men of All Parties Commend McKinley's Choice.

STEVENSON ESPECIALLY PLEASING.

The President Wanted the Question Raised Above Politics—The Ex-Vice President Feels Greatly Honored—Senator Wolcott Expects Much Good.

WASHINGTON, April 14.—Senator Chandler has introduced his bills empowering the secretary of the navy to take possession of the armor plants of the Bethlehem and the Carnegie companies. There are two of the bills, one applying to each of the institutions, the provisions being the same in both. Senator Chandler says that it is contemplated that only the Bethlehem works shall be taken, unless in case of necessity, when the Carnegie institution should also be seized. The principal section of the bill authorizes and directs the secretary of the navy forthwith to take possession of the land, buildings and machinery as constitute the armor-making plant of the two companies.

He is directed "to hold and use such land, buildings and machinery for a period of time sufficient to enable said secretary to manufacture at the works embraced by said plant such portion as he may see fit to manufacture for the armor plate necessary for the completion of the battleships Alabama, Illinois and Wisconsin, now in process of construction for the United States, and thereafter to return the possession of said land, buildings and machinery to be held by said company as its own property as if the taking hereby authorized had not been made; and the aforesaid taking, holding and using of said land, buildings and machinery by the said secretary of the navy for the purpose aforesaid, shall be deemed to be a taking thereof for the public use of the United States under an obligation to make just compensation therefor, in accordance with the fifth amendment to the constitution."

The bills provide for the adjudication of any claims that may arise against the government out of the transaction by the court of claims, whose judgment in the case is to be final. The award and allowance are to include sums sufficient to equal the damage by the seizure and use of the plant and the interest upon its actual value, and such additional sums as may be fairly due for each year's use of said plant.

Successive suits are authorized for each year that the plants are held, and jury trials are authorized unless the right to jury trial is waived by the owners of the plant.

AT LEAST WILL PRESS THE BUTTON

The President's Reply to the Invitation to Nashville.

WASHINGTON, April 14.—A delegation representing the Tennessee exposition has called on the president to formally extend to him and his cabinet an invitation to be present at the opening of the exercises at Nashville May 1.

The president explained that his engagement to be present at the dedication of the Grant memorial in New York on the 27th might interfere with his being present on the opening day. In case circumstances prevented his attending the opening, he said he would be delighted to attend later with the members of the cabinet. He will announce his decision in a few days.

In the event of his not being able to be present at the opening day, Mr. McKinley will start the machinery in motion by pressing an electric button at the White House.

MORGAN'S SPEECH CONCLUDED.

The Bankruptcy Bill Also Came Up in the Senate.

WASHINGTON, April 14.—Senator Morgan (Ala.) has concluded his long speech in the senate on the resolution declaring that a state of war exists in Cuba. He did not ask for a vote on the resolution, but announced that he hoped to secure a final vote at an early day.

The bankruptcy bill was taken up. Mr. Lindsay (Ky.) defending the measure against criticisms made against it. In the course of the presentation of memorials Mr. Cockrell (Mo.) announced that he had in his hand "one of those distinguished Indianapolis politicians from that distinguished Indianapolis conference, in which they desire congress to surrender to them the right of legislation." He asked that it be referred to the finance committee with the understanding that he did not endorse it.

DEMOCRATS MADE GAINS.

Municipal Elections Held Throughout the State of New Jersey.

NEW YORK, April 14.—Incomplete returns show more or less Democratic gain throughout the state in the New Jersey election. There was little excitement and a light vote was polled. In Paterson, Newark, Orange, Elizabeth, Hoboken and Jersey City large Democratic gains have been made and a majority of the Democratic candidates elected.

At Trenton and Rahway the Republicans have elected their nominees for the principal offices, but have lost ground in the boards of freeholders. In Camden the Republicans were also successful, electing the heads of the board and holding the majority of the board of aldermen.

HONORED VOORHEES' MEMORY.

The Dead Man's Body Laid In State at the Indiana Capitol.

INDIANAPOLIS, April 14.—The remains of ex-Senator Voorhees lay for some time in the rotunda of the state capitol under a military guard of honor. Governor Mount, the state officers, the judges of the supreme and appellate courts, the federal officers and the city officers first filed by the coffin to view the body, and afterward came a crowd of citizens, passing in single file on each side of the body. There was a chant by choir boys at the capitol after the body arrived.

The body was taken to Terre Haute in charge of W. R. McKeon and John B. Lamb, representing the citizens of Terre Haute.

Boyle Goes to Liverpool.

WASHINGTON, April 14.—The senate in executive session confirmed the following nominations: Alfred E. Buck of Georgia to be minister to Japan, James Boyle of Ohio to be consul at Liverpool.

LIKE THE COMMISSION.

Men of All Parties Commend McKinley's Choice.

STEVENSON ESPECIALLY PLEASING.

The President Wanted the Question Raised Above Politics—The Ex-Vice President Feels Greatly Honored—Senator Wolcott Expects Much Good.

WASHINGTON, April 14.—The naming of three commissioners by President McKinley under the act of the last congress to promote bimetalism was the subject of considerable discussion about the capitol. Almost without exception the selections were commended. Senators, regardless of party, were pleased with the selection of ex-Vice President Stevenson. It appears that this selection was the president's own, no one appearing to urge his appointment.

The president desired a Democrat who stood high in his party and who was an earnest silver man. He sent for Mr. Stevenson and, after talking the subject over with him, decided to make him a member of the commission. President McKinley decided that the subject of international bimetalism should be lifted above party politics and that the men selected should be those who would work in harmony toward bringing about an agreement. It was also believed by the president that the name of Mr. Stevenson would give the commission great weight abroad.

Among the earnest advocates of the selection of Mr. Payne were Senators Hoar, Allison and Chandler. All of whom talked with the president on the subject and recommended him as a man who would materially aid the cause of bimetalism.

Senator Wolcott is very hopeful of success. He looks forward to hard work, but says from what he learned while abroad last year he is almost sanguine of results. Senator Wolcott believes in the selection of the commission, especially in naming Mr. Stevenson, a silver man and one who supported Mr. Bryan, President McKinley has convinced everybody that he is an earnest bimetalist. Bimetalism at home and abroad, he says, will be promoted by this selection.

Opposition to the scheme for international bimetalism has been developed from an unexpected source. Morton Frewen of England, who has given a great deal of attention to the subject and who has visited this country several times in the interest of silver, is now opposing an international agreement, and declares that the money question is one which no nation must settle for itself. Mr. Frewen will oppose any agreement and use his influence against the new commission when it goes abroad.

Senator Wolcott said that the gold standard countries would oppose any further depression of silver and that efforts were now being made to prevent any further fall of silver in India; also that the demand for gold by Japan in establishing a gold standard would cause a drain of gold from Europe which would be resisted by gold countries. In the United States Senator Wolcott anticipates little opposition to the demonetization of silver and that efforts were now being made to prevent any further fall of silver in India; also that the demand for gold by Japan in establishing a gold standard would cause a drain of gold from Europe which would be resisted by gold countries. In the United States Senator Wolcott anticipates little opposition to the demonetization of silver and that efforts were now being made to prevent any further fall of silver in India; also that the demand for gold by Japan in establishing a gold standard would cause a drain of gold from Europe which would be resisted by gold countries. OMAHA IS DELUGED.

Great Flood Rushing on the Nebraska City.

MILLIONS IN PROPERTY IN PERIL.

The Missouri River Threatens to Resume the Channel Abandoned 20 Years Ago—Hard Fighting to Prevent It. The Scared People Flee.

OMAHA, April 14.—Piling and boards are being fed to the hungry maw of the Big Muddy at Omaha in an effort to restrain the manifest intention of that erratic stream to resume the channel abandoned 20 years ago. It looks like the effort might succeed. But all hope is hedged about with provisos that the river does not rise any higher, that a north wind does not blow and, most uncertain of all, that the break in the bank above Florence lake is not so bad as the overflowing water indicates.

If the Missouri changes its channel past Omaha it will destroy property to the value of several million dollars. The river broke through its banks about a mile above where it left the old channel 20 years ago and is running two broad streams across what were fertile market gardens. These streams run into Florence lake, a relic of a former cutoff. From Florence lake the water is pouring into Cut Off lake.

Should the river complete the cut-off it has threatened, East Omaha, with extensive factory plants, including the great Carter white lead works, will be moved into Iowa, and the \$3,000,000 bridge of the East Omaha Terminal company will be left across a slough, while the thousands of dollars expended by the government in protecting the banks of the river along the great bend will have been wasted on a "cut off" lake.

East Omaha and North Omaha are flooded by the waters that are rushing from the overfull Missouri river. The residents flee for their lives, leaving their possessions behind. The houses are standing in the flood, submerged in water from 1 to 5 feet deep. Fields of grain and fences disappear beneath the surface of the water, and the trees no longer show any trunks.

The flood is pouring in upon the lowlands of the East Omaha bottoms in a stream that is estimated to be 2,000 feet in width. It is sweeping southwest and is pouring into Florence lake. The water in the lake has broken over the levee that was built to separate it from Cut Off lake, and it is now rushing with ever increasing volume into the latter. It is spreading over plowed and planted fields, it is driving residents from their homes in North Omaha, it is tearing up fences and threatening the houses that stand from three to four feet deep in the water. It is pouring into Cut Off lake just north of the long bridge which leads to Courtland Beach.

If it continues it is anticipated that the lake will overflow its southern banks. If this should occur and the rise be still maintained, the entire southern portion of East Omaha would be threatened with a most disastrous flood, as there is no elevation of the land to stem the outpouring.

THE SOUTHERN FLOOD.

A Heroic Struggle to Save the Louisiana Levees.

MEMPHIS, April 14.—The river continues to rise south of Vicksburg and the swift current is throwing the waters against the Louisiana levees with enormous force. A telegram from Tallulah, La., reported that the levee at Davis island, in Warren county, Miss., had broken, but the report was premature. The water is washing over the levee at that point, however, and a break may occur at any hour. Many people have left the city with their most valuable effects and stock.

Several weak spots have developed in the southern levee system and the people in that section are making a heroic struggle to save their farms and other property. The backwater in the flooded Mississippi delta is about stationary. The river at Memphis continues to fall slowly.

At Helena the river is declining at the rate of two-tenths of a foot daily. The refugees are flocking into Helena by every boat. Lieutenants A. S. Rowan and M. Crowley of the United States army and Captain Graham D. Fitch have arrived at Helena on the steamer Itasca. A conference between the officers and local relief committee was held.

The relief committee reported that 6,000 people were dependent upon aid. Three thousand dollars weekly was the sum decided upon to take care of these people. Lieutenants Rowan and Crowley later left Helena for Greenville and the White river to investigate the situation there.

GIGANTIC INSURANCE FRAUD.

A Pittsburg Banker Accused of Perpetrating the Swindle.

PITTSBURG, April 14.—C. Linford Woods of the banking firm of C. Linford Woods & Co., 925 Park building, is under arrest, accused of scheming to defraud eastern insurance companies to the tune of \$400,000.

It is charged that in the neighborhood of 100 policies have been taken out on the lives of men, aged and decrepit in many cases; in others on men dying of consumption and all manner of diseases. Woods is said to have been beneficiary in most of the policies.

Died For Killing His Mistress.

JERSEY CITY, April 14.—Paul Genz has been hanged here. Paul Genz killed his mistress, Clara Arnim, in Hoboken, Aug. 28, 1894.

Passed Over a Veto.

ALBANY, April 14.—The greater New York charter bill has passed the senate over Mayor Strong's veto by a vote of 84 to 10.

Journalist Forney Dead.

LEBANON, Pa., April 14.—Colonel D. I. Forney, the journalist, has died at his home in his city from brain trouble, aged 70 years.

Hears Good News

Great Crowds of People Obtained a Free Sample of His Wonderful Discovery

At the Drug Store of Alvin H. Bulger, Cor. 6th and West Market Streets, Many of Whom Make a Report.

ALL SAY THEY HAVE NOTED A CHANGE FOR THE BETTER.

From Day to Day the Facts of This Investigation Will Be Published in This Paper.

Dr. Hobbs representative did not expect so soon to get favorable reports from applicants who procured from the drug store of Alvin H. Bulger, a free sample of Dr. Hobbs Sparagus Kidney Pills. Tests so far have gone to show that these remarkable pills produce favorable results with a degree of quickness heretofore unknown in the treatment of kidney and bladder diseases and all ailments arising therefrom. At the same time no reasonable person would expect that within five days from the time the first sample of Dr. Hobbs Sparagus Kidney Pills was given out good effect would be generally manifest, as the very nature of kidney disease is such that a reasonable amount of time and patience will be found necessary to test their real virtues.

People who have dosed themselves with all kinds of so called kidney medicines until not only their kidneys, but their entire system is in a state of prostration, cannot expect to be cured in a day or two by Dr. Hobbs grand remedy, however great his claims may be. The man who would advertise to cure Bright's disease—that fearful insidious and dangerous ailment—in a few hours, should be drummed out of town as an impostor and a man trifling with human life. The modesty of Dr. Hobbs claims it is one thing that especially commends him and his remedy to the public.

What Dr. Hobbs Sparagus Kidney Pills are Designed and Guaranteed to Do.

They soothe, heal and cure any inflammation of the kidneys and bladder.

They cure backache.

They cause the kidneys to filter out of the blood all poisons and impurities, whether made in the system or taken in from the outside.

They render sluggish kidneys active.

They cause the kidneys to cast out the poison of rheumatism (uric acid), the disease germs of malaria and grip.

They cause the kidneys to keep the blood pure and clean and thus prevent neuralgia, headache, dizziness, nervous dyspepsia, skin diseases, eruptions, scales, tetter and rashes.

They cause the kidneys to work steadily and regularly.

They dissolve and cast out brick dust and phosphate deposits and dissolve gravel and calculi in both the kidneys and the bladder.

They cure Bright's disease.

They cause the kidneys to rapidly rid the system of the poisons of alcohol and tobacco.

They yield a clear mind, sweet sleep, steady nerves, active bodies, brimful of the zest and of happiness of living, bright eyes and rosy cheeks, because they keep the blood free from poisons and impurities that would otherwise clog and irritate it.

Healthy kidneys make pure blood. Pure blood makes perfect health. Perfect health makes life worth living.

Dr. Hobbs Sparagus Kidney Pills do this and do it at all times.

ALVIN H. BULGER, PHARMACIST,

Corner 6th and West Market Streets.

East Liverpool, Ohio.

People Do Read the Papers.

Some persons wonder why engaged people generally prefer to keep their engagements as quiet as possible until the day of the wedding. Perhaps the reason lies in the results of a newspaper announcement.

The other day an engagement was mentioned in one of the afternoon papers. It was in the last edition of the paper, but early the next morning several awning makers were at the home of the future bride's parents, soliciting the contract for supplying an awning when the event came off. On the same morning and in the first mail no less than half a dozen printers and engravers sent samples of their work and quoted prices for which they would be willing to prepare the wedding cards according to the latest dictates of fashion. During the remainder of the week milliners, caterers, dressmakers, livermen, furniture dealers, hardware men and dry goods merchants made known their desire to supply the future bride and groom with all the outfit that they might need or imagine they needed. The young folks are now waiting for bids from ministers who are willing to tie the knot at bargain prices.—Buffalo Courier.

The banana is the most prolific of all the fruits of the earth, being 44 times more productive than potatoes and 131 times more than wheat.

D. M. OGILVIE & CO.

Dress Goods

New things coming in every few days. Among those just in are a few things to which we wish to call your attention. Black grenadines, which will be much sought after a little later, very good quality, and handsome patterns, 42 inches wide, 7 yards to the suit, at \$7 and \$9 for the suit. These are cheap, and will be hard to match later in the season.

A 48 inch black henrietta at 85c that is better than anything we have ever had at the price. Checks and novelties at all prices, 25c, 40c, 50c, 60c and \$1 per yard, and values that cannot be beaten at the prices. Silk warp polaris, a silk and wool material in mixed colors, 42 inches wide, \$1.25. Just new and handsome goods.

Dress Trimmings.

Chiffons, for which there is a great demand, in black, with pink, green and blue figures; also black with colored stripes in three colors. Plain colors in black, white, pink, blue, green and red.

Silk organdie, 47 inches wide, 50c a yard, in heliotrope, pink, green, light blue, cream and black.

All over lace at \$1, \$1.25 and \$3.50 per yard.

Silk, just new in all color combinations, from 85c to \$1.50 per yard; also a new lot of silks in single waist patterns, beautiful goods, Boleros, from \$1 to \$3.50 per sett, in linen, embroidered and black braid.

Jet trimmings, from 5c to 60c per yard; also braids in all widths in black.

Shirt Waists.

Promises to be the best season yet for shirt waists, and we have bought accordingly. A great many of our best things are already in, and the prices range from 50c to \$3.50 each. Our 50c waists are mostly in dark colors, and are just the thing for a cheap, serviceable waist. Our 75c line include black and blue, with white figures, and have detachable cuffs and collars. We have a strong line at \$1, also at \$1.50. In our waists at \$2, and up to \$3.50, we bought only four or six of each number. So, if you want something exclusive in a shirt waist we have it.

In Our Basement.

We have a full line of laces, embroideries, all-over laces, white goods, including lawns from 8c up to 40c, dimities, at 10c and up to 35c. Plain white French organdie 50c, 75c and \$1.00. French Naisook 75c a yard. Persian Lawn, 25c, 30c and 35c; Lace curtains, the best assortment and values ever we have offered, from 40c to \$10.00 per pair. Curtain Nets, and Swisses, Curtain Poles, a new one, with wooden brackets and trimmings, 25c.

New Muslin Underwear, Organdies, Dimities, and different kinds of wash fabrics. An elegant assortment of French Organdies in single dress patterns.

A Few Things for Easter

New Black Rushing Collarettes, very stylish and pretty, 50c, 75c, \$1.00 and \$1.50, also a full line Chiffon Rushing, all colors. Some new things in neckties and collars and cuffs for ladies. An elegant line of leather belts in all colors at 15c, 25c, 35c, 50c and 60c.

New Kid Gloves in all the new shades at \$1.00 and \$1.50. Another lot of two-clasp gloves, all sizes, in browns and reds, \$1.00 per pair, an excellent value.

Fast Black Hosiery at 10c, 15c and 25c per pair, and goods that will wear better than the ordinary kind.

LOCAL BREVITIES.

Tracks will soon be laid on the trestle recently built at Thompson's pottery.

Andy Kerr is sitting up the cigars today. The event is his twenty-fifth birthday.

New clothes hooks are being placed on the lockers at the Young Men's Christian Association.

Not a case of measles has been reported to the health authorities since Monday morning.

Mrs. A. C. Price is very ill at her home in Second street, and it is feared she cannot recover.

M. H. Bough yesterday purchased Fulton, a Kentucky thoroughbred pacing horse with a record.

All the city employees are being paid off by Clerk Hanley today. A lot of money was paid out.

Mrs. G. C. Murphy will give a luncheon to a number of lady friends next Friday afternoon.

The trustees of the Christian church will meet at the residence of Rev. O. S. Reed next Monday night.

Doctor Marshall at his own request was excused from much committee work during the present year of council.

Percy Albright has received an offer to play ball with the Lansing, Mich., team. He has not yet decided to accept.

The faker medicine man concluded his "wonder cure" would not sell in this town, and he went to Dennison to try his luck.

W. M. Wolcott, of Pittsburg, has taken a position as salesman for the Diamond pottery. He went out this morning.

The small boy has again become a begging nuisance at the Grand. Another raid may keep him down for a few weeks.

East Liverpool can talk to Chesterites by telephone by the latter part of the week. Several phones will be placed across the river.

A number of young people of the city are preparing to attend the Christian Endeavor convention to be held in San Francisco next July.

John Shingler, foreman at the Thompson pottery, went to Cleveland this morning, where he will enter a hospital for treatment.

The Chester street car line is expected to be in operation by May 15. The rolling stock has been secured, and work is now progressing rapidly.

The annual convention of the grand council Royal Arcanum will be held in Youngstown April 28 and 29. Delegates to the number of 150 will be present.

In the early part of last evening the corners of prominent streets were well surrounded by the regular loafers. Instead of the police, the rain moved the crowd.

Holy week services will commence at St. Aloysius church tomorrow. The first service will be the procession of holy sacrament.

The Junior Mechanics will tomorrow evening celebrate their eighth anniversary. A musical and literary program has been arranged.

Secretary Charles, of the Young Men's Christian association, will leave for Mobile, Ala., tonight on the steamer Hudson. He will go as far as Cincinnati by boat.

As the annual reports of the mayor and patrol were being closed up yesterday a fire occurred and several arrests were made. The reports were changed at once.

College street is in miserable condition, and the residents believe it should be repaired. "It looks like a road to some stone quarry," said a well known property owner.

Two men fought in the rain for 15 minutes near Sixth and Franklin streets last night, and after one had been thrown into the muddy street the other walked away.

There was a vast amount of loose paper flying in the streets yesterday. Most all large cities have men to pick such rubbish as this off the streets, but, then, this is East Liverpool.

James Moffatt, ex-deputy sheriff, has decided to take the place tendered him by the Pennsylvania company. He will be connected with the Fort Wayne detective force in a responsible capacity.

A sign belonging to the Young Men's Christian association has for some time been hanging on a telegraph pole near the Hotel Grand. During the high wind of yesterday the sign was blown through a large window of the hotel.

A small chimney fire occurred at the residence of Mrs. Harriet Bills, in Calcutta road, yesterday. The department was called and extinguished the flames. The house is owned by City Engineer George. Damage to the amount of \$1.35 was incurred.

OMAHA IS DELUGED.

Great Flood Rushing on the Nebraska City.

MILLIONS IN PROPERTY IN PERIL.

The Missouri River Threatens to Resume the Channel Abandoned 20 Years Ago—Hard Fighting to Prevent It. The Scared People Flee.

OMAHA, April 14.—Piling and boards and bags of sand, old hay and stones are being fed to the hungry maw of the Big Muddy at Omaha in an effort to restrain the manifest intention of that erratic stream to resume the channel abandoned 20 years ago. It looks like the effort might succeed. But all hope is hedged about with provisos that the river does not rise any higher, that a north wind does not blow and, most uncertain of all, that the break in the bank above Florence lake is not so bad as the overflowing water indicates.

If the Missouri changes its channel and Omaha it will destroy property to the value of several million dollars. The river broke through its banks about a mile above where it left the old channel 20 years ago and is running two broad streams across what were fertile market gardens. These streams run into Florence lake, a relic of a former cutoff. From Florence lake the water is pouring into Cut-off lake.

Should the river complete the cut-off it has threatened, East Omaha, with extensive factory plants, including the great Carter white lead works, will be moved into Iowa, and the \$3,000,000 bridge of the East Omaha Terminal company will be left across a slough, while the thousands of dollars expended by the government in protecting the banks of the river along the great bend will have been wasted on a "cut off" lake.

East Omaha and North Omaha are flooded by the waters that are rushing from the overfull Missouri river. The residents flee for their lives, leaving their possessions behind. The houses are standing in the flood, submerged in water from 1 to 5 feet deep. Fields of grain and fences disappear beneath the surface of the water, and the trees no longer show any trunks.

The flood is pouring in upon the lowlands of the East Omaha bottoms in a stream that is estimated to be 3,000 feet in width. It is sweeping southwest and is pouring into Florence lake. The water in the lake has broken over the levee that was built to separate it from Cut Off lake, and it is now rushing with ever increasing volume into the latter. It is spreading over plowed and planted fields, it is driving residents from their homes in North Omaha, it is tearing up fences and threatening the houses that stand from three to four feet deep in the water. It is pouring into Cut Off lake just north of the long bridge which leads to Courtland Beach.

If it continues it is anticipated that the lake will overflow its southern banks. If this should occur and the rise be still maintained, the entire southern portion of East Omaha would be threatened with a most disastrous flood, as there is no elevation of the land to stem the outpouring.

THE SOUTHERN FLOOD.

A Heroic Struggle to Save the Louisiana Levees.

MEMPHIS, April 14.—The river continues to rise south of Vicksburg and the swift current is throwing the waters against the Louisiana levees with enormous force. A telegram from Telleah, La., reported that the levee at Davis Island, in Warren county, Miss., had broken, but the report was premature. The water is washing over the levee at that point, however, and a break may occur at any hour. Many people have left the city with their most valuable effects and stock.

Several weak spots have developed in the southern levee system and the people in that section are making a heroic struggle to save their farms and other property. The backwater in the flooded Mississippi delta is about stationary. The river at Memphis continues to fall slowly.

At Helena the river is declining at the rate of two tenths of a foot daily. The refugees are flocking into Helena by every boat. Lieutenants A. S. Rowan and M. Crowley of the United States army and Captain Graham D. Fitch have arrived at Helena on the steamer Itasca. A conference between the officers and local relief committee was held.

The relief committee reported that 6,000 people were dependent upon aid. Three thousand dollars weekly was the sum decided upon to take care of these people. Lieutenants Rowan and Crowley later left Helena for Greenville and the White river to investigate the situation there.

All the city employees are being paid off by Clerk Hanley today. A lot of money was paid out.

Mrs. G. C. Murphy will give a luncheon to a number of lady friends next Friday afternoon.

The trustees of the Christian church will meet at the residence of Rev. O. S. Reed next Monday night.

Doctor Marshall at his own request was excused from much committee work during the present year of council.

Percy Albright has received an offer to play ball with the Lansing, Mich., team. He has not yet decided to accept.

The faker medicine man concluded his "wonder cure" would not sell in this town, and he went to Dennison to try his luck.

W. M. Wolcott, of Pittsburg, has taken a position as salesman for the Diamond pottery. He went out this morning.

The small boy has again become a begging nuisance at the Grand. Another raid may keep him down for a few weeks.

East Liverpool can talk to Chesterites by telephone by the latter part of the week. Several phones will be placed across the river.

A number of young people of the city are preparing to attend the Christian Endeavor convention to be held in San Francisco next July.

John Shingler, foreman at the Thompson pottery, went to Cleveland this morning, where he will enter a hospital for treatment.

The Chester street car line is expected to be in operation by May 15. The rolling stock has been secured, and work is now progressing rapidly.

The annual convention of the grand council Royal Arcanum will be held in Youngstown April 28 and 29. Delegates to the number of 150 will be present.

In the early part of last evening the corners of prominent streets were well surrounded by the regular loafers. Instead of the police, the rain moved the crowd.

Holy week services will commence at St. Aloysius church tomorrow. The first service will be the procession of holy sacrament.

The Junior Mechanics will tomorrow evening celebrate their eighth anniversary. A musical and literary program has been arranged.

Secretary Charles, of the Young Men's Christian association, will leave for Mobile, Ala., tonight on the steamer Hudson. He will go as far as Cincinnati by boat.

As the annual reports of the mayor and patrol were being closed up yesterday a fire occurred and several arrests were made. The reports were changed at once.

College street is in miserable condition, and the residents believe it should be repaired. "It looks like a road to some stone quarry," said a well known property owner.

Two men fought in the rain for 15 minutes near Sixth and Franklin streets last night, and after one had been thrown into the muddy street the other walked away.

There was a vast amount of loose paper flying in the streets yesterday. Most all large cities have men to pick such rubbish as this off the streets, but, then, this is East Liverpool.

James Moffatt, ex-deputy sheriff, has decided to take the place tendered him by the Pennsylvania company. He will be connected with the Fort Wayne detective force in a responsible capacity.

A sign belonging to the Young Men's Christian association has for some time been hanging on a telegraph pole near the Hotel Grand. During the high wind of yesterday the sign was blown through a large window of the hotel.

A small chimney fire occurred at the residence of Mrs. Harriet Bills, in Calcutta road, yesterday. The department was called and extinguished the flames. The house is owned by City Engineer George. Damage to the amount of \$1.35 was incurred.

ANOTHER FLIGHTY ONE

A Columbiana County Prisoner
Will Not Eat.

BIDS FAIR TO EQUAL MARLATT

In So Far as His Peculiarities Extend—He
Fears He Will Be Poisoned and Has Not
Taken Food For Days—He May Die at
the Penitentiary.

COLUMBUS, April 14 (Special)—Peter
Politza, a prisoner in the penitentiary
from Columbiana county serving a sen-
tence of fifteen years on the charge of
manslaughter, was removed from the
prison asylum Sunday and placed in the
hospital for treatment for stuporous
melancholia. Politza was received at
the prison December 15, 1891, and has
spent most of the time since in the "bug
house." His mania seems to be purely
melancholia, and he fears he will be
poisoned or that he will die or that the
buildings will fall and kill him and other
dire catastrophes will overtake him.
The trouble with him at present is that
he has taken a notion not to eat and has
abstained for five full days. He will
not take a mouthful of food, though he
will take medicines if offered him by
one of the prisoners he has taken a
fancy to. It is possible he may starve
himself to death, though it is probable
that he will be compelled to take food
with a tube if it can be given entrance
to his stomach. Politza gives promise
of rivaling Marlatt, as his peculiarities
have already become known.

A GOOD DAY

For Business In the Marriage License De-
partment.

LISBON, April 14.—[Special]—Mar-
riage licenses were today issued to Evan
Harsh and Phoebe Gross, J. W. Moore
and Williamina Wills, James S. Hughes
and Kitty Chain, W. M. Gay and Venia
Speetee.

The A. M. Norris farm in Yellow
Creek, containing 317 acres, was sold
yesterday by Sheriff Gill for \$8,000.
Miss Francis Nessley brought the land.

The case of R. G. Boyd versus T. J.
Andrews, tried last month in the court
of Squire Rose, has been appealed by
Boyd. It was brought to recover \$45
due on a settlement, and when heard a
judgment for \$5.70 was rendered.

Anna Bailey, of Lisbon, was
prosecuting witness this morning in an
action in Squire Martin's court on a
charge of a delicate nature preferred by
her against George Weaver, of the tin
mill. Weaver saved all trouble by
acknowledging the crime, and after
paying \$50 and agreeing to care for the
child was given his freedom.

PERSONAL MENTION.

—J. E. Bowers went to Lisbon today.
—C. H. Hutchinson is in New York.
—Joseph Buchanan has returned to
Steubenville.

—W. O. Hamilton was a Pittsburg
visitor today.

—C. S. Taylor, of Wheeling, is in the
city on business.

—F. J. Cavett, of Richmond, was in
the city yesterday.

—A. Beatty has moved to this city
from Steubenville.

—Miss Blanche Stapleton is visiting
friends in Pittsburg.

—H. A. Thompson, banker of Saline-
ville, was in the city yesterday.

—Doctor Shane has returned to Steu-
benville after a short stay in the city.

—Miss Mollie Ticker, of New Cum-
berland, is visiting friends in the city.

—R. H. Boggs, who has been in the
city a short time has returned to Knox-
ville.

—E. J. Evans and family are now
residents of the city, having come from
Allegheny.

—Doctor Jackman and wife went to
Salineville today to attend the funeral
of Mrs. Shecker.

—Thomas Lloyd attended the funeral
of his uncle, Doctor McLain, in New
Cumberland today.

—Mrs. Hunter, who has been the
guest of Mrs. Shaw, of Fourth street,
for some time returned to Ester yester-
day.

Napoleon and Josephine—The
Parting. Presbyterian church.
Wants the Family to Move.
Henry Chambers this morning com-
menced a forcible detention action
against Mrs. John Brighthouse. Details
of the case were published in the NEWS
REVIEW several days ago, and as the
child has recovered from the measles
Mr. Chambers wants his house. The
case will be heard Saturday morning.

See the children in Beauty's

and healthfulness. Assures the food against
all forms of adulterations common to
the cheap brands.
ROYAL BAKING POWDER CO., New York.

WELLSVILLE.

CHICKEN FIGHTS.

They Are the Popular Amusement In
Wellsville.

A NEWS REVIEW reporter saw a
rooster the other day, and a pitiful sight
it was. The feathers had almost all dis-
appeared, one eye was gone and it was
covered with wounds more or less
severe. Its owner proudly proclaimed
that it had "whipped its chicken." This
brings to mind the fact that cock fight-
ing is practiced to a very large extent
just now. It is the popular amusement,
and many fights have taken place in the
past few weeks. Another big main is listed
for the near future, and if the police
care to know what any number of peo-
ple know they can be present and pre-
vent it.

The News of Wellsville.

Mrs. A. G. Hill, who died yesterday
at her home in Coal street, after a pro-
tracted illness, will be buried Thursday
afternoon at 2 o'clock. Interment will
be in Spring Hill cemetery.

Brakeman Cooper, who has been un-
able to attend to his duties for some
time because of illness, has recovered,
and returned to work yesterday.

One of the prettiest show windows
seen in the city for some time is that at
the store of A. G. McKenzie. There are
rabbits of all sorts and conditions.

Miss Martha Crawford, who has been
visiting the Bell family in Main street,
has been compelled to return to her
home because of illness.

Miss Julia Collins is the guest of her
sister, Mrs. Harry Carrothers. She will
spend the summer here.

The children of John Johnston, who
have been ill for some time, are now out
of danger, after a long illness.

Work on the Wellsville road is pro-
gressing rapidly, and the company hope
to have the repairs completed in a few
weeks.

CONTINUED FROM PAGE ONE.

condition of the West End ball park was
brought before council. It was referred
to the street committee. On motion of
Mr. Stewart the solicitor was granted
permission to engage counsel in the
Hayes case. Mr. Marshall nominated
Henry Chambers as a member of board
of health, and Mr. Challis nominated
H. A. Keffer. They were elected
unanimously.

Engineer George brought up the Cook
street matter, and Mr. Peach thought
council had better adjourn. Mr. Mar-
shall wanted to know if the grade would
have to be changed, and Mr. George
said that was what he wanted to show.
Mr. Marshall said if the grade was
changed the city was liable for all dam-
ages. They decided to meet at 4 o'clock
Friday afternoon, and look over the
street. Council adjourned, and accepted
an invitation of the mayor to feast at a
Sixth street restaurant. Everybody en-
joyed the occasion to the utmost, and
spent a pleasant hour around the festal
board.

NOTICE TO WATER CON- SUMERS.

HODSON'S.

Architect Fritz
To the Public.

I would call the attention of all persons
contemplating building to the fact that
it will be to their interest to see me, as I have
cut my charges one-half; my present price
being three-fourths up to one and one-half
per cent. of the cost of building and in some
cases a fraction more. Having many years
practice in contracting, building, drawing
plans and specifications, and knowing the
strength of all material and work, both by
theory and practice, and therefore have no
need of measuring up other architects work.
I can guarantee all buildings I draw plans
and specifications for, and superintend, to
stand the test and the walls not crack and
settle out of plumb as some specimens we
have in this city have done.

A. FRITZ, Architect,

Cor. 4th and Market Sts.

ROYAL BAKING POWDER Absolutely Pure.

Celebrated for its great leavening strength and healthfulness. Assures the food against all forms of adulterations common to the cheap brands.

ROYAL BAKING POWDER CO., New York.

WELLSVILLE.

CHICKEN FIGHTS.

They Are the Popular Amusement in Wellsville.

A NEWS REVIEW reporter saw a rooster the other day, and a pitiful sight it was. The feathers had almost all disappeared, one eye was gone and it was covered with wounds more or less severe. Its owner proudly proclaimed that it had "whipped its chicken." This brings to mind the fact that cock fighting is practiced to a very large extent just now. It is the popular amusement, and many fights have taken place in the past few weeks. Another big main is listed for the near future, and if the police care to know what any number of people know they can be present and prevent it.

The News of Wellsville.

Mrs. A. G. Hill, who died yesterday at her home in Coal street, after a protracted illness, will be buried Thursday afternoon at 2 o'clock. Interment will be in Spring Hill cemetery.

Brakeman Cooper, who has been unable to attend to his duties for some time because of illness, has recovered, and returned to work yesterday.

One of the prettiest show windows seen in the city for some time is that at the store of A. G. McKenzie. There are rabbits of all sorts and conditions.

Miss Martha Crawford, who has been visiting the Bell family in Main street, has been compelled to return to her home because of illness.

Miss Julia Collins is the guest of her sister, Mrs. Harry Carrothers. She will spend the summer here.

The children of John Johnston, who have been ill for some time, are now out of danger, after a long illness.

Work on the Wellsville road is progressing rapidly, and the company hope to have the repairs completed in a few weeks.

ALL SHOOK HANDS.

CONTINUED FROM PAGE ONE.

condition of the West End ball park was brought before council. It was referred to the street committee. On motion of Mr. Stewart the solicitor was granted permission to engage counsel in the Hayes case. Mr. Marshall nominated Henry Chambers as a member of board of health, and Mr. Challis nominated H. A. Keffer. They were elected unanimously.

Engineer George brought up the Cook street matter, and Mr. Peach thought council had better adjourn. Mr. Marshall wanted to know if the grade would have to be changed, and Mr. George said that was what he wanted to show. Mr. Marshall said if the grade was changed the city was liable for all damages. They decided to meet at 4 o'clock Friday afternoon, and look over the street. Council adjourned, and accepted an invitation of the mayor to feast at a Sixth street restaurant. Everybody enjoyed the occasion to the utmost, and spent a pleasant hour around the festal board.

NOTICE TO WATER CONSUMERS.

The trustees have ordered a house to house examination. Superintendent Morley will visit every house. If any leak is found about premises water will be shut off at once. By order of the TRUSTEES.

J. W. GIPNER, clerk.

Tennyson's Dream of Fair Women. First Pres. church.

The Gold Mine.

"The Gold Mine" was presented to a fair, but appreciative, audience at the Grand Opera House last night. The specialties were clever. The bill tonight is "The Son of Monte Cristo."

Your water rent is due. Pay promptly and save the percentage.

HODSON'S.

Architect Fritz

To the Public.

I would call the attention of all persons contemplating building to the fact that it will be to their interest to see me, as I have cut my charges one-half; my present price being three-fourths up to one and one-half per cent. of the cost of building and in some cases a fraction more. Having many years practice in contracting, building, drawing plans and specifications, and knowing the strength of all material and work, both by theory and practice, and therefore have no need of measuring up other architects work. I can guarantee all buildings I draw plans and specifications for, and superintend, to stand the test and the walls not crack and settle out of plumb as some specimens we have in this city have done.

A. FRITZ, Architect,

Cor. 4th and Market Sts.

BRIGHT & SPICY... THE NEWS REVIEW.

Sample & Neal

FERGUSON & HILL BLK, IN THE DIAMOND.

Some of the most desirable footwear that ever came to town can now be seen at the new shoe store.

One of the special features of our business will be to furnish what the people most desire.

QUALITY

is one of the most essential features in Shoes. It requires extraordinary care in the selection of our stock to get it, but we won't have anything that we cannot offer to our trade and know it to be the best that the price can buy.

We have started on this principle and believe in the end it will win.

Our prices will be as low as the lowest. We will never be known as a high-priced house. Quick sales and small profits will satisfy us.

If you have had trouble with uncomfortable shoes, then we want to see you. We give special attention to proper fitting.

Give the new firm a trial and we believe you will do well.

WANTED.

WANTED—ROOMER. A DESIRABLE party can secure a very desirable furnished room, in a very desirable location, on very desirable terms, by calling at the News Review office.

BEAUTIFUL NEWS REVIEW. EMBOSSED.

J. R. WARNER & CO., DIAMOND.

ONLY ONCE IN A LONG WHILE do you have an opportunity to get on the ground floor in a brand new spring stock of Shoes, Oxfords and Slippers, at a very little margin above cost, only enough to pay expenses in selling the goods.

THIS IS NO FAKE.

We are positively closing out our entire stock to quit business. When men can buy the great advertised W. L. Douglas \$3 shoes, now \$2.45; \$2.50 shoes, now \$2.10; \$2 shoes, now \$1.75, etc., etc. All our ladies' Rochester, N. Y., and Cincinnati \$4 shoes, now \$3.30; \$3 shoes, now \$2.50, \$2.50 shoes, now \$2; \$2 shoes, now \$1.60, etc.

All New Up-to-Date Styles.

Cloth Tops, Combinations, Etc.

Wine and Chocolate Colors.

The throng of customers is simply awful on Saturdays. Come early in the day during the week to be properly waited upon

J. R. Warner & Co.
